TRACY NGUYEN

Aspiring Full Stack Web Developer

619-430-8147 | thn018@ucsd.edu | linkedin.com/in/tracyhnguy/ | github.com/xtrasee

OVERVIEW:

Recent first generation college graduate who can bring unique perspectives and a strong work ethic to the workplace. With my passion for web development and dedication to lifelong learning, I am confident in my ability to contribute as a valuable developer in any team.

EDUCATION

B.S. Business Psychology, Minor Computer Science | Sept 2019 - June 2023
University of California, San Diego
Chancellor's Associate Scholar

Study Abroad | Yonsei University, South Korea   March 2023 - June 2023

PROJECTS

Personal Website Portfolio
- Developed personal website portfolio using Github, HTML, CSS, JavaScript, and enforced code standards using ESLint/Prettier.

RandomIdeas Application
- Full Stack application where users can add/remove their ideas on the board with specific category tags. Frontend technologies used: HTML, CSS, and JavaScript. Backend technologies used: MongoDB, Express.js, and Node.js. Deployed on render.

Shopping List
- Developed shopping list app with add, edit, filter and remove functionality using HTML, CSS, and JavaScript. Enforced code standard using Prettier and deployed with Netlify.

EXPERIENCE
